StarWellness Star Air 2 Air Purifier

The StarWellness Air Purifier is your ideal partner for ensuring clean, fresh air in your home & work space. Utilizing a water surface trapping system & an electrostatic filter, it effectively gets rid of dust, bacteria, allergens & odours present in the air.

For an enhanced aromatic experience, essential oils can also be added.

StarWellness Star Air 2 Air Purifier Features & Benefits

Effectively removes dust, bacteria, allergens & odours in the air

The StarWellness Air Purifier consists of a 2-step purification process - a water surface trapping system & an electrostatic filter.

Have the option to add essential oils for an aromatic experience

Essential oils of your choice can be added to the water tank of the air purifier, thus enabling you to create a fresh & pleasant-smelling environment.

Convenient wireless control

Comes with a remote control to remotely change the various settings of the air purifier anywhere and anytime.

Easy filter replacement

Simple & hassle-free process.

Adjustable fan speed

At your preference.

User-friendly features

Designed to easily monitor & ensure the optimal functioning of the air purifier. Portability is further enhanced with its easy-to-grip handle.

Classic & compact design

Ideal for indoor spaces with its minimalist design & compact size.

StarWellness Star Air 2 Features Of The Star Air 2

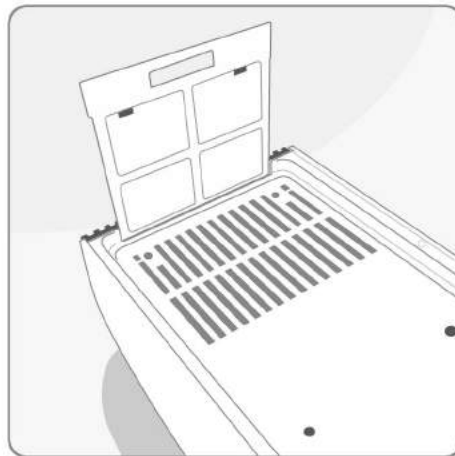

Unique Water Surface Trapping System

Airborne particles, dust & impurities in the air pass through the water tank & are trapped by the water system.

Electrostatic Filter

The Electrostatic Filter helps to remove bacteria & allergens, hence enabling you to enjoy clean & fresh air.
